

Take peace, productivity, health, and happiness to the next level!

PAX GBG NEXT STEPS TRAINING

Saturday, March 23rd | 8:00 am - 4:00 pm

This training explores advanced strategies and methods in the PAX Manual that are not provided in the initial teacher training and gives teachers access to a certified PAX Trainer to help troubleshoot implementation issues they may face in the classroom. It also provides explicit instruction for using PAX Kernels in tiered instruction and for students who have been exposed to trauma.

PAX Next Steps Training provides in-depth instruction to create expertise in implementing PAX GBG.
