opioids@snohd.org.

A portion of this event is supported by the Prescription Drug Overdose Prevention grant at the Washington State Department of Health.

WHO SHOULD ATTEND THE CONFERENCE

This event is geared toward physicians, nurses, labor & delivery specialists, NICU/PICU hospitalists, midwives, doulas, lactation consultants, social workers, public health professionals, treatment and recovery providers, and support services.

At the end of this conference, participants will:

- Review current trends for opioid use and neonatal abstinence syndrome in the area
- Learn best practices on providing care for pregnant and parenting mothers with opioid use disorder
- Learn best practices on caring for babies born with neonatal abstinence syndrome
- Receive resource and educational materials to share with colleagues and/or patients
- Learn how to discuss possible opioid use with current or new patients
- Understand mandatory reporting requirements, and what happens after reporting
