Who Should Attend?

School counselors, human services professionals, and community partners are invited to this **free** event.

Sponsored by:

Whatcom County School Districts Homeless Support Consortium

- We are committed to improving educational outcomes for children and youth in foster care.
- We believe that foster children and youth are best served when schools, child welfare agencies, community partners, and families work together to provide opportunities, services, and supports.
- We strive to reduce educational disruptions, stabilize school attendance, and improve educational opportunities for foster children and youth.

Please bring your agency brochures, business cards, and other materials. We will have a resource-sharing table.
